Continuous Assessment 1

Q: Write an introduction of yours that includes the following: education background, family background, skills, hobbies and interests, a detailed introduction of your city, achievements. Please write it in 120-150 words. Write the introduction in a single paragraph. You can either write it on a piece of paper and upload the picture or type it in and upload the document.

**(Recommended settings: Font: Times New Roman; Size: 12; Spacing: 1)
You can turn-in your document either in .pdf or .doc format.**

Answer Sheet

Reg. No. : 19BCE10071

Name: Abhishek Srivastava

I am Abhishek Srivastava, a 20-year-old undergraduate student pursuing Computer Science Engineering from VIT Bhopal University. I was born and brought up in a joint family located in Lucknow, India. I completed Matriculation and Higher Secondary Education from St. Francis' College. I am an entrepreneur by nature and a developer by passion, a tech enthusiast, open-source contributor, tech blogger, writer, motivator and mentor for those who want to learn programming, development and recent technologies. I exhibit good expertise in Web and Software Development, Data Structures and Algorithmic Analysis. Being a developer of various Technical Forums, Former Google Develop Student Club Lead, Microsoft Learn Student ambassador and Project Mentor at organisations like GfirlScript Summer of Code and Student Code-in, I have been contributing to make the youth of this world well versed with programming. Being pragmatic by nature, I inhabit an up help desire and straightforward outlook. I love Coding and programming and always try to implement them to solve real-world problems.
